## Nurun Application: Off-Grid EV Charging Infrastructure

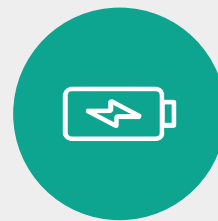

**Green smart  
mobility**

**Saudi  
Made**

**Off-grid power  
supply**

**Off-grid AC or  
DC chargers**

**Reduce CO2  
emissions**

### ABOUT OFF-GRID EV CHARGING INFRASTRUCTURE

With the world transitioning to electric vehicles to meet sustainable goals, having reliable and resilient charging solutions is critical. Nurun brings electric vehicle charging anywhere with flexible, fully customizable, portable off-grid EV charging stations for both AC (slow) and DC (fast) chargers. The off-grid car charging station works as a self-sufficient off-grid power solution that can deliver the power needed to provide temporary and permanent EV charging anywhere.
